By: Eva Jacobson, Legislative Fellow

ISSUE

Provide a list of each proposed bill that was enacted into law in 2011 and 2013.

ENACTED PROPOSED BILLS

Table 1 contains the 63 proposed bills enacted in 2011 and Table 2 includes the 75 proposed bills enacted in 2013. Both tables list the bill number assigned to the proposed bill when it was first introduced and title of the enacted public or special act.

The fact that a proposed bill, and its accompanying number, is approved by the General Assembly is not an indication that the original idea is enacted in the final version. Public and special acts may or may not retain the same purpose or intended effect as initially proposed.

For example, HB 5008 (2011) started as a proposed bill to exempt guide dogs from the law requiring the quarantine of a dog that has bitten a person. The final public act mirrors the proposed bill as it exempts guide dogs, under certain conditions, from the requirement that they are quarantined if a complaint of a bite or attack has been made.

On the other hand, HB 5027 (2013) was initially proposed to amend the general statutes to prohibit pet shops from selling dogs or cats that were obtained from substandard domestic animal mills. The bill that became a special act instead created a task force concerning the sale of cats and dogs at pet shops.

For more information on how often proposed bills are enacted into law, see OLR Report [2015-R-0111](#).
